

The background features a complex, abstract geometric pattern. It consists of various polygons, including squares, rectangles, and trapezoids, arranged in a non-repeating, interlocking fashion. The colors used are a range of earthy tones: dark brown, light beige, cream, yellow, orange, olive green, and grey. The dark brown color is used for the borders of the shapes and as a background color in some areas. The overall effect is a textured, mosaic-like appearance.
